THE RUMBLE SHEET

JULY 2017 - VOLUME 51 - ISSUE 7

Greetings from your president Linda

Well, it's officially Summer. The days are hotter and more humid. For those having air conditioners in their Model-A's turn them on. For those who do not have air conditioners remember to bring your hand fans.

Based on what members attending the recent Omaha, NE Regional Meet have reported it was great. Congratulations to Ralph Hudson on winning 1st place in their Hubley races, plus Connie Hudson won 2nd place. An excellent showing for our Tulsa racers. Another winner

was Chuck & Lisa Ramsey for their AA truck winning the overall Best Of Show trophy.

Likewise, members traveling to Victoria, TX for the Texas Tour agreed it was a good time and lots of fun. Robert & Elaine Bullard the tour hosts, did an excellent job of organizing and running this tour.

Talk about lucky people. At our last general meeting, Ollie Harris won the 50/50 drawing pot TWICE in one meeting. As usual there are two drawings when the pot exceeds a certain amount and he won both of them.

Several events to look forward to this month: JULY 1, breakfast at Golden Corral arranged by Dan Ulberg. JULY 3, - The Fourth on the Third Concert preceded by dinner at the Texas Road House, organized by Barbara Cail. JULY 15, Model-A tour with lunch to Bartlesville, OK as part of MAFCA's 100,000 mile Challenge planned by Mitch & Melody DuVall. JULY 18, Ice Cream Social & General Meeting hosted at Joanna Cooper's Showroom. Another busy month. Check this month's newsletter for times and details.

There are several members in the car club that have had or are planning surgeries soon. Please keep these members and their families in your thoughts and prayers for a successful recovery.

See you down the road,

Linda Mellage

NUTS & BOLTS (OR MISCELLANEOUS TIDBITS)

by Ken Brust

July is the month when we celebrate America's birthday, so "Happy Birthday, America!" Can you believe that John F. Kennedy would have turned 100 this year? I don't normally think of him as part of The Greatest Generation. He left us way too soon. Did you catch the article and pic in the latest Vintage Magazine of Carolyn who recently celebrated her 100th birthday? Our Club celebrates its 50th birthday on Pearl Harbor Day next year. We are planning a celebration party at Stokley Event Center thanks to Marvin's discount award, but we need to decide when we want to have it. Do we do it in December close to our founding date of December 7 in place of our Christmas Party, or do we plan it in July in place of our ice cream social? I think we definitely need to spell something again with our cars. How about spelling "fifty" in script??

We met a new potential member over at Marvin's Garage a few weeks ago. Seemed like a very nice fella. Question is: Can we really survive with two Chucks in the club??? Just kidding. Welcome, Chuck! We're happy to have you in the group. Many thanks to Jerry Sloan for always being ready to lead us in prayer at our meetings. And he never fails to mention our men and women in uniform who are serving in harm's way. I hear Ralph is finally assembling Rodger's Phaeton and may have it ready for paint soon. Rodger has picked Elk Horn Green and Kiwanee Green for the body color which happens to be the two colors of our Ruthie. Returning home from Omaha after 1,177 miles with areas of

dirt, grime, tree sap and bird droppings on the car, I thought it was time to really get a professional cleanup done. I didn't want Ruthie looking too blah next to Rodger's Phaeton. A friend who owns a foreign car garage recommended I talk with Joe at Touch of Class. Joe does all of our friend's detailing and also details cars for the Leake Auction. So I talked with Joe and I must say, Ruthie looked like a brand new car after Joe was finished. We bought her 21 years ago and she has never looked so good. I don't mind so much now having to park next to Roy, Rich, Kent, Marvin, Merv or some of you others with nice shiny cars. I highly recommend Joe if you need some professional detailing done. Finally, let me say, planning a tour is not rocket science. Anyone can do it. Right, Mitchell? Just identify an interesting place and let the Board know you want to lead a tour. It can be a local one after breakfast, a lunch outing, a full day tour, an overnight tour or whatever! No limits and no experience required.

Happy Trails!

ON THE 4TH OF JULY

in 1826 and 1831:

For America's first five presidents, the Fourth of July was not only a celebration of their great achievement, but it was also, apparently, a prime day to die. Three of America's first five presidents died on Independence Day.

John Adams, the second president, and Thomas Jefferson, the third president, were bitter rivals throughout their political careers, but nearly twins in their deaths. They died hours apart on July 4, 1826, Adams at age 90 in Massachusetts and Jefferson at age 83 in Virginia.

James Monroe, the fifth president, also died on July 4, five years after Adams and Jefferson in 1831. The 30th president, Calvin Coolidge, was born on the Fourth of July in 1872.

in 1884:

The United States got what may be the country's largest physical birthday present on July 4, 1884, when the French presented it with the Statue of Liberty. It took four months to assemble the 151-foot-tall statue, which was shipped from Paris in hundreds of pieces.

While the statue was intended to commemorate America's centennial, it was not formally dedicated until 10 years after the fact, when President Grover Cleveland held a Statue of Liberty ceremony on October 28, 1886.

In other 1884 news, miners in Swan City, Colo., blew up their local post office on Independence Day because the town did not supply them with fireworks.

FALL TOUR TO HUGO OCTOBER 27-29, 2017

This year's Fall Tour is taking us down to the southeast corner of Oklahoma to the town of Hugo. Hugo has a history in lumber and as a railroad town but is known still today as a town where traveling circuses winter. For years, various circuses would travel around America with their huge tents offering shows of animals, acrobats and clowns plus much, much more. The people of Hugo really made the circus people feel at home and several circuses established roots in Hugo during the non-traveling winter months.

In 1993, one circus established the Endangered Ark Foundation as a home for some of the older elephants. We will visit on Saturday morning this Endangered Ark Foundation which offers a retirement home to the second largest herd of Asian elephants in North America. We will experience elephants in a very intimate and close up environment while the staff delivers an interactive educational presentation.

Further details will be provided on our Hugo Fall Tour itinerary as more info is available, but hotel reservations can now be made. Refer to attached information sheet for details. Ken and Tory Brust and Kent and Jeanne Washburn are the tour leaders.

OMAHA REGIONAL

Oklahoma had a dozen attend the Regional in Omaha. Jim and Vicki Yates, Steve and Carla Talley, Ralph and Connie, Chuck and Lisa, Rich and Donna and Ken and Tory plus another two couples who were on their first Regional that the Okies adopted from Iowa and North Carolina. They were long-time Marine friends of Ken and Tory. Steve and Carla, unfortunately, had motor problems driving up so limped back home and drove their modern car up.

Omaha had nice tours to the Strategic Air Command (SAC) Museum, Wildlife Safari, Speed Museum, Boys Town, Botanical Gardens and the Zoo. The car games were interesting and Ralph, Carla and Tory each brought home trophies. The Hubley Races were even more interesting where Connie and Ralph fought bumper to bumper all evening with Ralph finally winning by a hair and Connie taking second! Chuck won People's Choice with his spit-shined AA truck. The two co-chairs modeled their Regional after Tulsa's and did a very nice job. There were 117 registrations from 17 states. A fun time was enjoyed by all.
