

# THE RUMBLE SHEET

June 2022 – Volume 56 – Issue 6

We are moving into summer with all the activities that go along with it. As a result, June is a quieter month for the club. There are several meets happening this month. I hope you've made time for at least one of them. We are ready to head out to the Model "A" Restorer's Club meet in Morgantown. Hopefully, we will find some great parts at the

swap, and see some fantastic cars for Fine Point Judging. Sixteen cars are currently on the roster including a 1929 Town Car. It's always a treat to see such a rare car.

Locally, we have a few activities planned. First off, we do not have a breakfast scheduled for this month since the date overlaps with a regional and national meet. So, our first group activity of the month will be the Rooster Day Parade at 4 p.m. on June 10th. If you would like to participate, please contact Rich Robinson.

On June 18th, we will be touring down to Tahlequah to watch the River City Players. We will leave from the QT at 81st and HWY 51 in Broken Arrow at 9:30 a.m. sharp! Lunch will be before the show.

At our General Meeting on June 21st, Bill Knight will be joining us to discuss his views on Ford Motor Company and the auto industry. Make sure you don't miss because it will definitely be a very interesting discussion! I hope everyone is out enjoying these golden summer days in their Model "A". See you all down the road!

# The Finer Points

By Chris Duval

We are gearing up to head to Morgantown later this week. I will be judging the brake section, and Dad will be judging the lamps. I know brakes sound boring; however, it is one of the only sections where you get to look at basically the entire undercarriage and the interior of the car.

This past weekend, we made a trip to Wisconsin, and I came back with quite a few new parts. As you all know, I am constantly looking for original parts. One such part I found is an original crankshaft pulley. These seem to be rarely seen anymore. So, what identifies it as an original? The first thing is it doesn't have any casting letters or numbers on it. Snyder's produces a reproduction that is excellent; however, they put the letter "S" in the front.

The second telltale sign is the casting "delta" on the back side as seen in the second photo. With few exceptions, original Ford castings have a "delta". This crankshaft pulley will be painted Engine green and installed on a 1931 project I am just starting on. Hopefully as I go along, I will have more updates for you all. In the meantime, if you're looking at a cast piece at a swap meet,

make sure you see the delta before you buy if you're hoping it's original!

# May Breakfast & Tour

by Ken Brust

The morning of Saturday, May 7, was a beautiful Model A day. We enjoyed breakfast in Sapulpa at Cafe USA although we had a smaller crowd than normal. But we did have some newer members in attendance! Several who dined with us had other commitments following breakfast, so only ten experienced the scenic drive through the countryside and lake area northwest of Sapulpa on our way to the Route 66 Car Museum.

Instead of “Planes, Trains and Automobiles”, we had bicycles, a train and lots of interesting automobiles on our tour. Many of us had not visited this museum for almost ten years and were pleasantly surprised to see how it has grown. It has over 50 cars now on display and is still growing with plans for an additional 5,000 sq. ft. for more display area and a paved parking lot.

Robert Parker, a past club member, has a 1905 beautiful Packard on display plus a really nice vintage Lincoln convertible. The museum has quite a collection of various vehicles and is constantly rotating cars. If you missed it, you missed a nice tour and we all missed you!

# Ford and Other Car Museum Tours

by Ken Brust

If you haven't been to Dearborn, Michigan, to tour the Henry Ford Museum and Greenfield Village or to the Gilmore Car Museums in Hickory Corner, then you need to add these to your Things-To-See List! Since our grandson recently graduated from the University of Michigan, we saw this as a perfect time to visit these museums while in Michigan. Linda and Jerry met us in Michigan following graduation ceremonies and we spent an entire day in the Ford Museum and another day touring Greenfield Village. Jerry and Linda also toured the Rouge Factory Tour where the first electric truck rolled off the line. We then drove a couple of hours west and spent two days touring the Gilmore museum complex, home of the Model A Ford Museum in addition to several other car museums.

From Hickory Corner, we drove south to Auburn, Indiana, where we spent an entire day touring both the Auburn-Duesenberg-Cord Museum and the Early Ford V8 Museum. Then further south we spent a day touring the Indy 500 Museum and racing facility. We had a private tour of the entire track and racing facility which was incredible and well worth the additional cost. It was a whirlwind tour where we saw some fantastic vehicles. We highly recommend all of these. But, I think Tory probably has her fill of car museums for awhile at least.

# About the Tulsa Model A Ford Club Chapter #8231 of the Model A Club of America (MAFCA)

This is the official publication of the Tulsa Chapter of Model A Ford Club of America. This monthly newsletter is mailed to members, prospective members, advertisers and editors of similar publications. Its purpose is to keep you informed of what has taken place, scheduled activities and to promote fellowship among club members.

Members are encouraged to submit articles containing technical or any club related information. Articles must reach the editor by the 5th of the month to insure publication in that month's newsletter. Articles received after that will appear in a following newsletter.

Membership dues for the Tulsa Model A Ford Club are \$30 per family annually payable at the end of the year. Contact the New Member chairperson for new memberships and the Treasurer for renewals. The Tulsa Model A Ford Club recommends membership in the national MAFCA organization.

Members may advertise at no cost, non-business ads in the newsletter For Sale, Wanted or Trade section. Businesses may advertise with cost by the ad size, (business card size or 1/4 page) in the advertising section. The number of ads are restricted to space available in the Rumble Sheet. Contact the Advertising chairperson for details.
